- ◆ 21 specialists and scholars from home and abroad making excellent reports
- ◆ An international platform for people worldwide to exchange high-end technology and establish international business relations

List of Keynote Speeches

The Improvement of Die-Casting Factory
AtsuoHaga (Shanghai Shengxi Automobile Parts Co., Ltd.)

Research on interfacial heat transfer coefficient between molten metal and shot sleeve during die casting process
Xiong Shoumei (Tsinghua University)

Is production capacity of equipment inconsistent with energy saving?
Lu Hongyuan (Bühler Group)

Magnesium Applications in the Automotive Industry and the Developing Trends
Richard Berkmortel (Meridian Lightweight Technologies)

Simulation forecast of cold slug defects based on shot sleeve temperature and shot speed
Guan Wenhao (AnyCasting Co., Ltd. (Shanghai Office))

Application of micro-arc oxidation and grapheme composite coating on plasma lighting system
Zhang Yaqin (Ka Shui International Holdings Ltd.)

Production of structural castings toward the future
Thomas Ninkel (Frech (Shanghai) Diecasting Machine Co., Ltd.)

Melt purifying and evaluating technologies of aluminum alloys
Liang Xiaokang (General Research Institute for Nonferrous Metals)

The 2nd International Automotive Casting Conference

- ◆ 7 specialists from die casting field making reports about:
 1. Global market and trend of the manufacture of automotive parts
 2. Innovation on the design and production of automotive casting
 3. Technologies and solutions for automotive casting
- ◆ Unique platform tailored for die casting companies and auto parts manufacturers
- ◆ Network and close talk to suppliers, partners and buyers
- ◆ Factory visit to die casting company and supplier

The 2nd International Symposium on Nonferrous Alloys and Special Casting Technologies

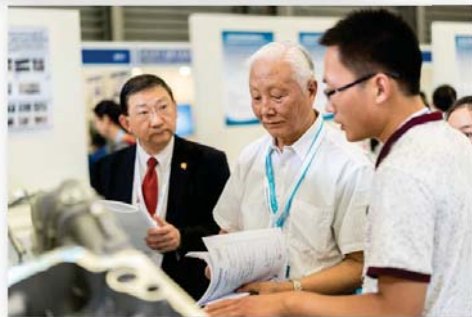

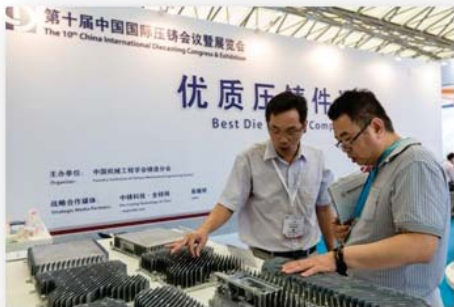

- ◆ 15 scholars from China, USA, Canada, Taiwan making reports
- ◆ 18 papers about casting of aluminum alloy, magnesium alloy, squeeze casting, solidification of immiscible alloys etc.
- ◆ 25 companies taking participation

Onsite Events

Best Die Casting Competition

- ◆ 28 participating companies
- ◆ 50 pieces of components
- ◆ Wide coverage with automotive, motorcycle, electronic and metal for civil use
- ◆ 17 "Best Die Casting" winning pieces of components from 16 companies
- ◆ High popularity among visitors

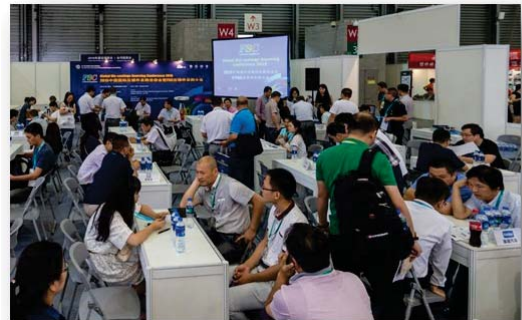

Die Casting Technology and Automation Exhibition Area

- ◆ 10 innovative die casting enterprises
- ◆ Providing a series of advanced technique and process in die casting application fields

FSC China International Die Casting Match-making 2015

- ◆ 20 buyers from Fortune Global 500
- ◆ More than 140 reliable suppliers
- ◆ 3 product recommendation meetings held by leading enterprises and aroused great interests of buyers

Match-making for Moulds & Die Casting

- ◆ 42 foreign and domestic buyers
- ◆ 31 buyers finding the satisfied buyers
- ◆ Purchasers of 8 urgent purchasing items visiting factory after the match-making meeting

Solutions for Mould & Die Casting Parts

- ◆ Experienced engineers analyzing product design, technology problem
- ◆ Focusing on practical problem solving

Onsite Events

Gasgoo Automotive Light Weight Special Area

- ◆ 55 automotive light weight related exhibitors
- ◆ Focusing on development trends and challenges of application of light weight technology in Chinese automotive industry

2015 Seminar on New Automotive Light Weight Materials and Advanced Technology Application

List of Keynote Speeches

Development Trends and Challenges of Application of Composite Materials Light Weight Technology in Chinese Automotives

Cao Du (Chongqing Chang'an Automobile Engineering Research Institute)

Development Trends and Technique Path of Light Weight Body of New Energy Vehicles

Qiu Guohua (SAIC Technology Center)

Practical Application and Development of Carbon Fiber in Automotive

Professor Pan Ding (Donghua University)

Automotive Light Weight Design and Application Practice with Consideration on Vehicle Integrated Performance

Shi Lei (Great Wall Motor Co., Ltd.)

Lock Riveting Connection - Specifically to Address Technical Problems of Riveted Aluminum Body

Wang Yunqing (Epress Systems (Shenzhen)Co., Ltd.)

Light Weight Sealing and Fluid Control Technology - Simpler, Faster, More Reliable

Liu Zhigang (KVT Trade (Beijing) Co., Ltd.)

Henkel Infiltration Service Center - Boosting Power System Lightweight

Zhu Bo (Henkel Corp.)

Gasgoo International Serial Training Lectures and Seminars

Interpretation of Hardship of Manufacturing in China Under Industry 4.0 in Germany

Senior Advisor, Bestway Co., Ltd.

Gasgoo International Match-making

- ◆ More than 100 high quality suppliers of auto parts
- ◆ More than 20 OEMs and auto components makers
- ◆ Arranged factory visit of potential suppliers for buyers

Gala Dinner for 10th Anniversary & Awarding Ceremony

- ◆ Coincided with 10th anniversary, organizer invited more than 300 honored guest of die casting field and expressed thanks to long-term partner, sponsor as well as exhibitor represents.
